WHO WE ARE & WHAT WE DO

The Courage Collective is a global community of women gathering together online and live in person to:

- Stretch our courage muscle to move past our comfort zone in life and business.
- Mastermind locally and globally for accountability, support and growth.
- Practice speaking skills live in a safe space, in our local Courage Circles.
- Share Speaking Opportunities locally and globally.
- Plan an event with our Collective where we each take the stage.
- Receive masterclass training and behind the scenes 'scoops' from TOP Leaders, Speakers, and Event Planners.
